TRULIFE

“BRAVE CHOICES = BETTER FUTURES”

Trulife is an NPO with a 13-year track record of bringing creative home-grown life skills curriculum and educational theatre productions to schools across South Africa .

Through creative platforms such as dance, drama, film, poetry and digital media, important choices are presented to young people, with the overriding message being that a good choice now, can lead to a more successful and healthy future for the next generation.

We aspire to set a new standard in Life Orientation content and teaching, therefore offering unique perspectives through critical messages that break through the norm of classroom school lessons, leaving a lasting impact.

WHAT IS THE GLS NEXT GEN?

"EVERYONE HAS INFLUENCE"

As the world's largest annual leadership event, the Global Leadership Summit reaches hundreds of thousands of leaders in more than 123 countries and in 60+ languages each year.

The GLS is hosted by the GLN (Global Leadership Network), a community of curious, growth-minded, change-driven people who have been committed to developing leadership skills, maximising influence, and igniting positive transformation for more than 25 years across the world.

Drawing on an incredible international network of world-class speakers, the ***Global Leadership Summit South Africa*** has been driven by the belief that leadership changes everything - when you commit to grow your leadership, everyone around you wins. The Junior Edition takes the form of a half-day learner-friendly conference, with videos, activities, workbooks and more.

“A TRANSFORMATIONAL EXPERIENCE THAT AWAKENS YOUNG PEOPLE TO A GRANDER VISION AND PURPOSE FOR THEIR LIVES”

WHAT’S INCLUDED

- Pre-recorded world-class speaker content - curated specially for South African Youth
- Fresh and practical leadership insight that reflects best thinking and leadership innovation
- Application moments and processing time to consolidate learning as groups and individuals
- Flexible sessions, customisable to your school’s timetable
- Creative problem-solving
- Optional additional “deep dive” activities to increase practical application
- Discovering personal strengths
- Developing a unique leadership strategy for your school’s prefect body

89%

Students said it helped them grow as leaders

87%

Students said it exceeded their expectations

87%

Students said they felt ready to apply all they had learnt from their training

The GLS Next Gen is committed to carry this vision over to the upcoming generations of leaders and influencers, ensuring that leadership starts young so that legacy, growth and social change can flourish in schools and universities.

Trulife has partnered with the GLN to create and package leadership training resources for Primary and High Schools across South Africa.

With years of expertise in theatre and creativity-in-education, the Trulife team carefully curates session-based leadership training, with additional digital resources and learner booklets to bring the content to life, making it both engaging and relevant for your learners to apply to their spheres of influence.

LEARNER BOOKLETS

Each session of the GLS Next Gen contains a video talk from of a Key Note Speaker. This topic or themes are unpacked further through practical games and discussion. Reflection questions and group discussion points are also documented in their booklets to maximise lesson retention and to develop each learner's leadership portfolio.
